THE PATENT FASHION SKIRT!

GRAND TRIUMPH OF THE AGE!

THE FASHIONABLE WORLD IN GREAT COMMOTION !

Complete Revolution in Hoop Skirts!

All the great difficulties and serious objections heretofore experienced by the Skirt Wearing Public entirely overcome by

The New Patent Fashion Skirt. This Skirt is made from Cloth woven expressly for it, and in such a manner at the Springs are completely hidden. It being whole, like a common muslin that the Springs are completely hidden. It being whole, like a common musim skirt, the aid difficulties of getting the feet entangled among the wires, or catching the wires on obstacles in the path, or on carriage or car steps, etc., are overcome, and the liabilities to the many accidents, which have heretofere so often proved fatal to life and limb, are most surely avoided. The Skirt can be made in any form desired, and owing to the support given by the cloth an Elliptic Spring is used, which not only adds much to its graces and elegence, but random its

used, which not only adds much to its grace and elegance, but renders it THE MOST FLEXIBLE SKIRT MADE! The Cloth from which this Shirt is made is woven very light, and the support which each spring receives on all points by the springs near it, renders a less number of springs necessary than usually required in the Common Skeleton Skirt give the same elegance of form. Hence, the Skirt, though a whole Cloth Skirt,

IS NO HEAVIER than an ordinary Skeleton Skirt. For the Promenade,

A more Elegant, Tasty and Desirable SKIRT cannot be conceived. For the House, the Church, Theater, Bailroad Cars and Crowded Assemblies, they are SUPERIOR TO ALL OTHERS.

EASILY COLLAPSED, without danger of injury, and readily assuming in that elegance of share peculiar to their construction, these Skirts can be again that elegance of shape peculiar to their consti-washed without injuring the wire.

Gae, Secretary, of the Home insurance Company, being severally, y 4 duly sworm, depose and say, and can for dimenty says, that the foregoing is a true, till and Secretariation, and that of the affairs of the said corporation, and that
